Subject: Submission of Annual Disclosure for FY 2024-25 under Regulation 91C (1) and Regulation 91E (1) of SEBI (LODR) Regulations, 2015

Dear Sir/Madam,

Pursuant to Regulation 91C (1) and Regulation 91 E (1) of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, we hereby submit the Annual Disclosure for the Financial Year 2024-25 in the prescribed Form 1A and Form 1B.

We would like to state that Global Vikas Trust is a registered Social Enterprise under the NSE Social Stock Exchange (SSE) Framework. However, we have not raised any funds from the NSE SSE platform during the financial year 2024-25.

Thanking you.

Your faithfully,

For **Global Vikas Trust**

The seal is circular with a purple border. Inside the border, the text 'GLOBAL VIKAS TRUST' is written at the top, 'REG. E 33025' is in the middle, and 'MUMBAI' is at the bottom. In the center of the seal is the GVT logo, which consists of a stylized green tree above the letters 'GVT'.

Mission & Purpose

Our mission is to transform the agricultural landscape of India by enabling a sustainable and prosperous future for farmers through innovation, education, and empowerment.

*We aim to **change cropping patterns** to help farmers adopt high value crops and support **soil health restoration, water conservation, and river recharge initiatives** like **Groundwater Recharge Shafts (GRAs)**.*

*Through **cluster farming models, satellite-based monitoring, and the integration of sustainable global agricultural practices**, we are building a climate-resilient, future-ready ecosystem.*

*Our approach includes **robust backward integration, innovative forward market linkages**, and the adoption of **cutting-edge agri-tech solutions to improve farm productivity** — while ensuring that **banking access, government schemes, and financial tools** reach farmers at their doorstep.*

*Our geographical focus spans some of India's most distressed agricultural regions — **climate vulnerability, suicide-prone and debt-burdened belts of Marathwada (Maharashtra)**, along with **Palghar, Solapur, Jalgaon, and select areas in Madhya Pradesh and Gujarat**.*

¹ Beneficiary includes entities such as individual, person, thing, article, unit, body, creature

At the heart of our mission is **“Krishikul”**, a **world-class farmer training center in Sirsala, Beed District**, where we provide knowledge, training and hands-on experience to farmers on **sustainable agriculture practices, organic farming, modern agriculture tools, techniques, and technology**. Krishikul also functions as a **train-the-trainer hub**, where farmers from across the country gain knowledge and techniques that they can further propagate within their local farming community.

Having already **directly impacted nearly 50,000+ farmers and villagers**, and **indirectly touched an equal or a greater number** through our large-scale **plantation drives and water conservation projects**, we now aim to **scale this impact exponentially over the next five years**.

By uniting **traditional wisdom with globally proven sustainable practices**, we are committed to creating a **thriving, tech-enabled, and self-reliant farming community** that will lead India into an agri-secure, empowered future.

By uniting traditional wisdom with **sustainable global practices**, we are committed to building a **thriving, tech-enabled, self-reliant farming community** that can lead India into an agri-secure future.

Form 1B.2

This section covers the Annual Impact Report (AIR) that should, at a minimum, cover the aspects described below.

This should cover at least the top 67 percent of programme spending for the reporting period. For each of the thematic areas the organisation works in, as per the SEBI defined 16 thematic areas, a separate AIR is to be prepared in Form 1B.2. This would help the organisation to determine eligibility for listing projects.

If the organisation has active listed securities in the same period, they should be covered using Form 2 that needs to be assessed by a competent social impact assessor of an empanelled social impact assessment firm, for each of the listed securities.

| | <p><i>Rs. 38,000. After our intervention the average income is Rs. 3.93 lakhs)*</i> <i>*as per TISS report</i></p> |
| <p><i>b) How is the organization attending to the challenge or planning to attend to the challenge in this thematic area? Has this changed in the last year?</i></p> | <p><i>Our project takes a new approach to an existing problem of farmers trapped in traditional crops with low income generation from agriculture.</i></p> <p><i>The details of the same are as follows;</i></p> <p><i>We undertake a cluster based cultivation program that enables farmers to come together as a group to participate in the program, take benefits and support, adopt high value crops, train them extensively and provide forward linkages support etc.</i></p> <p><i>this increases commitment and accountability amongst farmers and enables us to deliver our services properly.</i></p> <p><i>The scale of the program allows for a greater quantity of produce being available in a small area giving buyers easy access for bulk purchase and farmers the option to sell from their farm gate.</i></p> <p><i>Collective farming, sharing of resources and knowledge and helping each other to mutually coexist and benefit.</i></p> <p><i>We undertake a holistic approach of improving a farmer's resources - soil and water, so that aside from higher income</i></p> |

| | |
|--|--|
| | <p><i>from fruit tree cultivation the farm resources also improve.</i></p> <p><i>Our water resource rejuvenation projects help to address farming and beyond requirements creating a better connection with the village communities and welcome adoption of our fruit tree cultivation program.</i></p> <p><i>This approach has helped us uplift 27,000 farmers to higher income generation from farming across 4,700 villages. We have not changed any part of the project last year.</i></p> |
| c) <i>Who or what is being impacted (target segment/ affected area)? Has this changed in the last year?</i> | <p><i>Our target is to help small and marginal farmers. And it has not changed.</i></p> |
| d) <i>What will be the outcomes of the activities, intervention, programs or project? Disclosure should include positive and potential unintended negative outcomes.</i> | <p><i>The intended impact of our project in the future will be the same as what we have achieved in the past implementing the same project.</i></p> <ol style="list-style-type: none"> <i>1. Higher income for small and marginal farmers who adopt our program.</i> <i>2. Farmers who are educated, trained and guided by us to adopt sustainable agriculture practices, soil management practices and water management techniques -</i> |

| | <p><i>successfully adopt the same and witness benefits in their farms.</i></p> <p><i>3. Improved quality of life and access to resources for farmers and their family members due to increased household income.</i></p> <p><i>4. Positive impact on the environment due to carbon capture from fruit tree plantation, soil management practices and water conservation.</i></p> <p><i>5. Educating, training and empowering more farmers through our training centre.</i></p> <p><i>6. With the increase in income there is reverse migration happening and youth are seeing future in farming</i></p> <p><i>7. In an era of subdivision of lands our project ensures that the family and relatives adopts collective farming approach thereby increasing the revenue and co-operation.</i></p> |
