From my heart

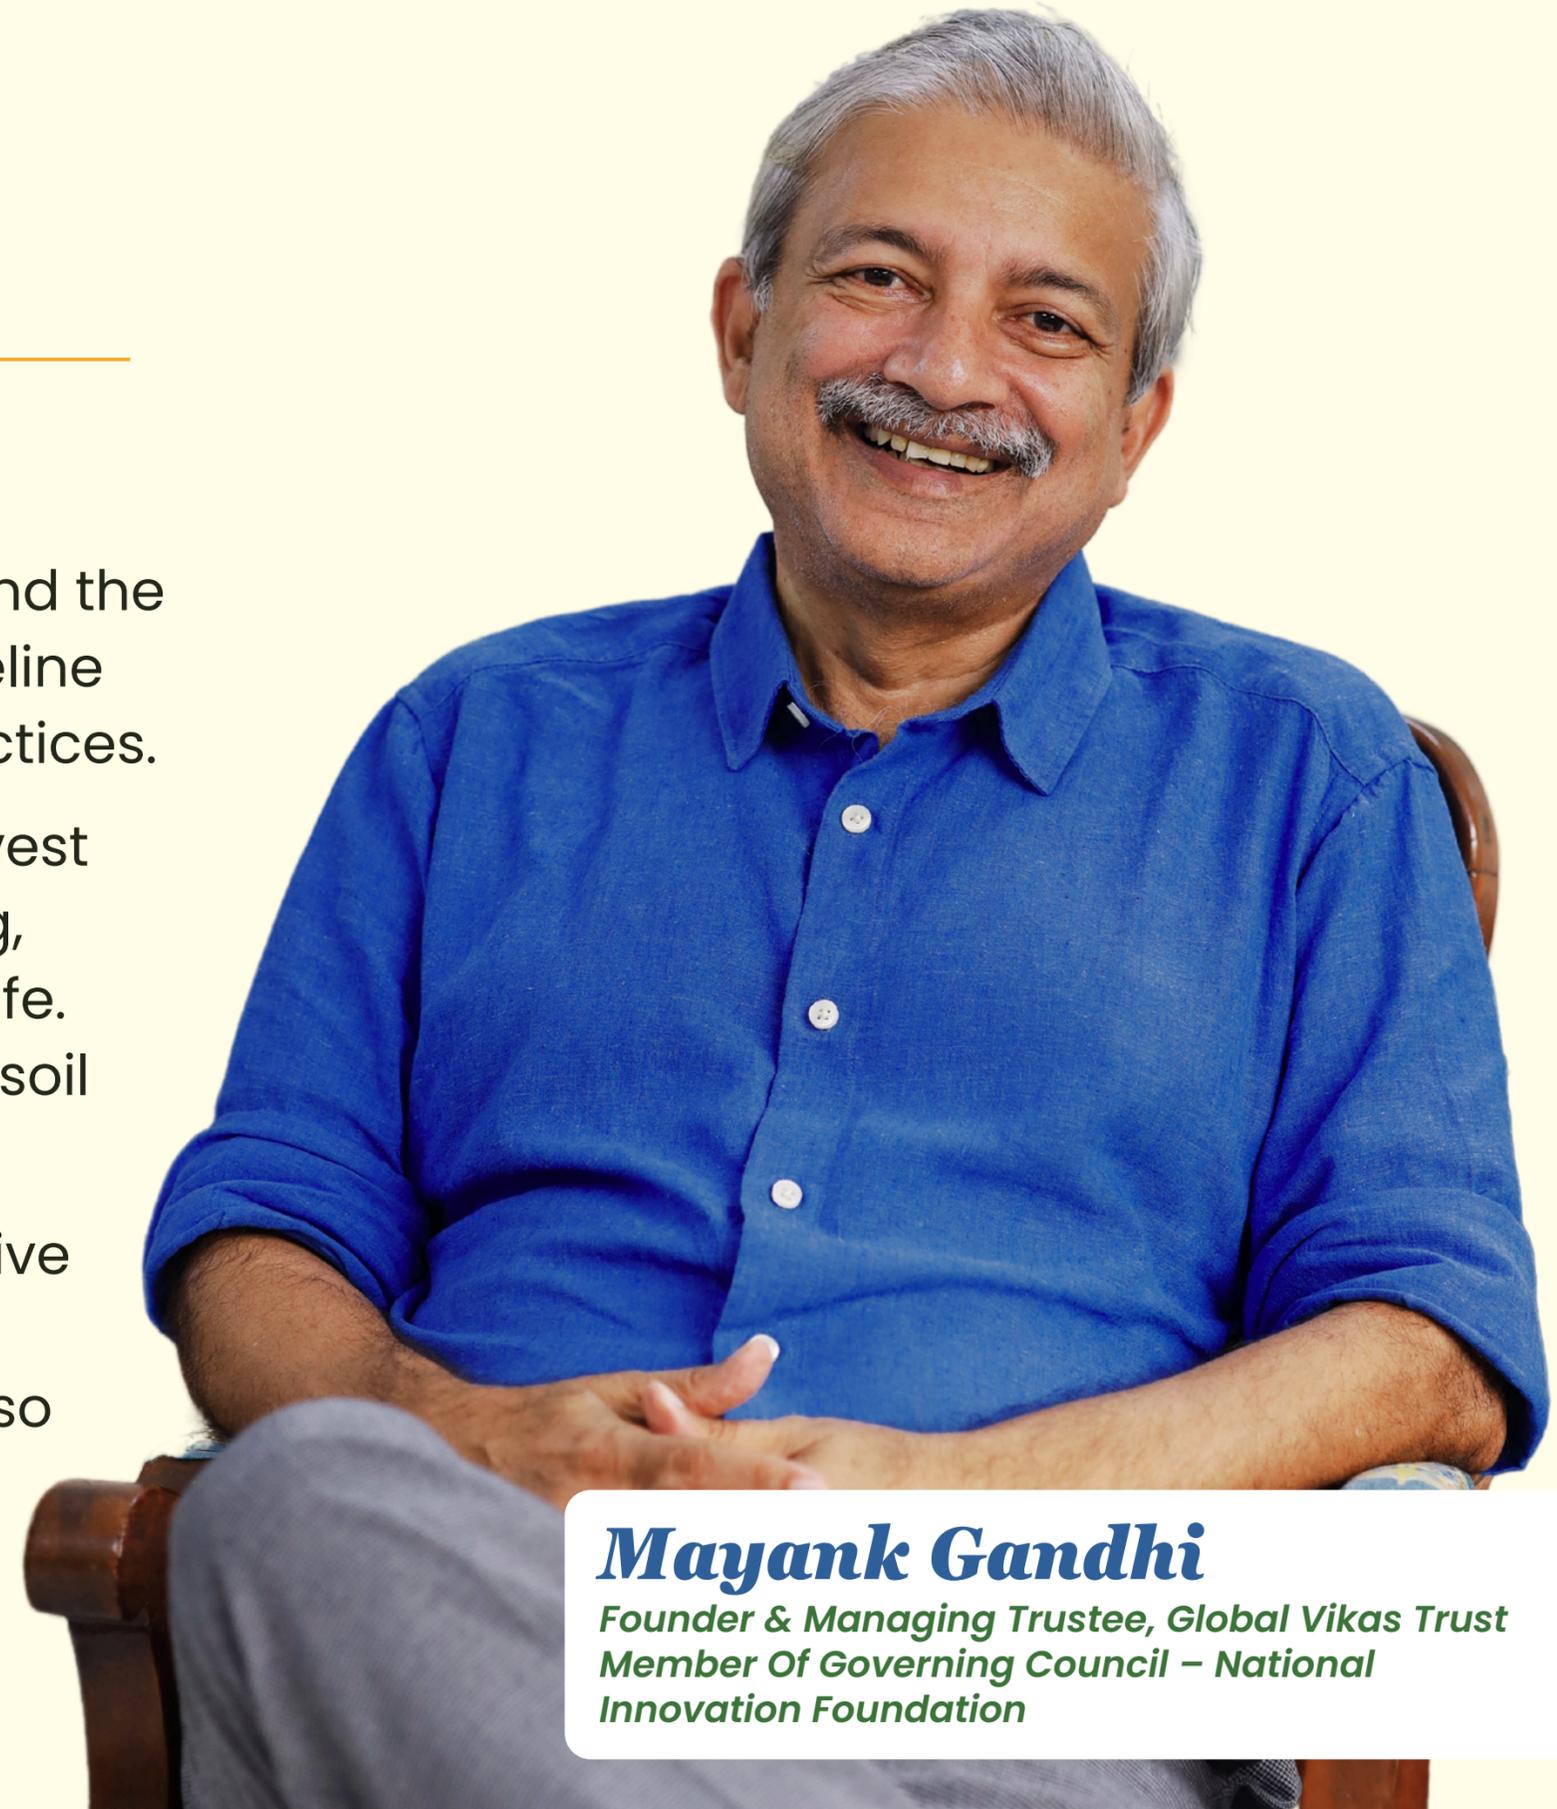

Healthy Soil, Healthy Future

Soil is more than just dirt—it's the foundation of our food and the soul of our farms. But across rural India, I've seen this lifeline turning lifeless due to overuse of chemicals and poor practices.

Many farmers don't know their soil is sick—until the harvest suffers. Yet with simple steps like organic composting, crop rotation, and soil testing, we can bring it back to life. I've seen barren lands bloom again, just by healing the soil beneath our feet.

At Global Vikas Trust, we're working with farmers to revive soil health—restoring not just productivity, but pride. Because when the soil thrives, so do the farmers, and so does Bharat.

INDIA CAN WAIT NO MORE!

SUCCESS STORIES

Empowering grassroots:

PoCRA 2.0 online training CM Fadnavis & Minister Kokate

The Nanaji Deshmukh Agricultural Sanjeevani Project and PoCRA 2.0 held a one-day online training session at GVT Krishikul, in collaboration with the Global Vikas Trust and the Agriculture Department, Parli Vaijnath.

CM Devendra Fadnavis and Agriculture Minister Manikrao Kokate joined virtually to share their insights. The event saw active participation from the Sarpanch and Gram Samiti members of Sirsala Mandal, Parli Taluka, who contributed meaningfully to the discussions.

Water conservation efforts

A group of 12 farmers from Waghala village visited the Gunwara riverbed to observe GVT's water conservation efforts in Govardhan river at Beed. They learned how river deepening and widening improved groundwater levels and crop

productivity, & expressed interest in replicating these efforts in their own village.

The GVT team visited Ahmednagar to review Sun Pharma & WOTR's water conservation efforts in Ghospuri and Mandavgan village, followed by field visits & discussions on community-led interventions & GVT Krishikul initiatives.

GVT in collaboration with its Jalmitra team, has adopted the innovative Kedia Farm Pattern (KFP) to enhance water conservation. As part of this effort, 20 KFP

structures have been installed along the Tapovan River, boosting groundwater recharge & promoting sustainable farming.

Guest visit at GVT Krishikul

MLA Ranajagjitsinha Patil toured GVT Krishikul to review the infrastructure & ongoing development initiatives.

MLA Ranajagjitsinha Patil
Member of the Maharashtra Assembly

MP Shashank Mani visited GVT Krishikul to understand its agricultural innovations and sustainable practices.

MP Shanshank Mani
Member of the Lok Sabha

VHP's Goraksha Vibhag held its annual training camp at GVT Sirsala on, focusing on sustainable farming exposure.

VHP's Goraksha team
At GVT Krishikul

Exploratory visit

With the aim of showcasing climate-controlled farming techniques, plans are underway to establish a shade net at GVT Krishikul. A team of four agronomists visited Khyati Farm R&D Center in Shadnagar, Hyderabad, to learn about different types of shade nets (like tunnel and flat-top) and techniques for growing fruits & vegetables in controlled environments.

GVT connects with farmers

Through online & offline sessions

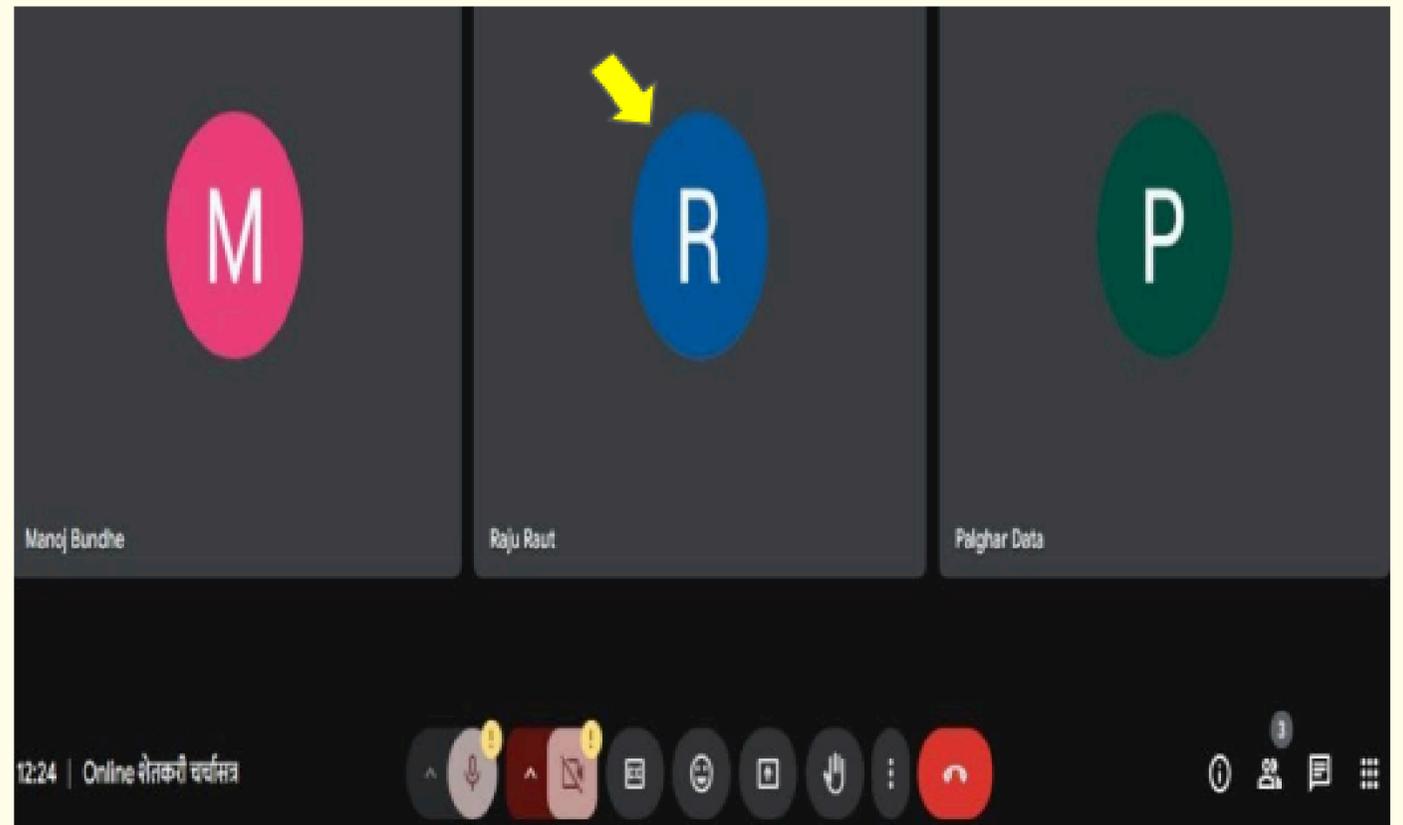

As part of GVT's ongoing monthly farmer engagement initiative, interactive sessions were held both offline and online this month as well.

Offline meeting – April 15:

Nilesh Bhoavar, a local vegetable farmer, attended an in-person session where GVT's Harshad Dumade provided guidance on Mogra cultivation. Impressed by the session, he booked 1,000 Mogra saplings for his farm.

Online meeting – April 25:

In a virtual session, GVT's Manoj Bundhe shared key Mogra farming techniques with farmer Raju Raut. The farmer appreciated the insights and expressed interest in implementing the practices.

GVT's Strategic engagement

with Government departments

The GVT team visited Jawhar village to meet officials from the Sericulture, Agriculture, and MGNREGA departments, sharing their work in Palghar and exploring partnerships.

- **Sericulture Department:**

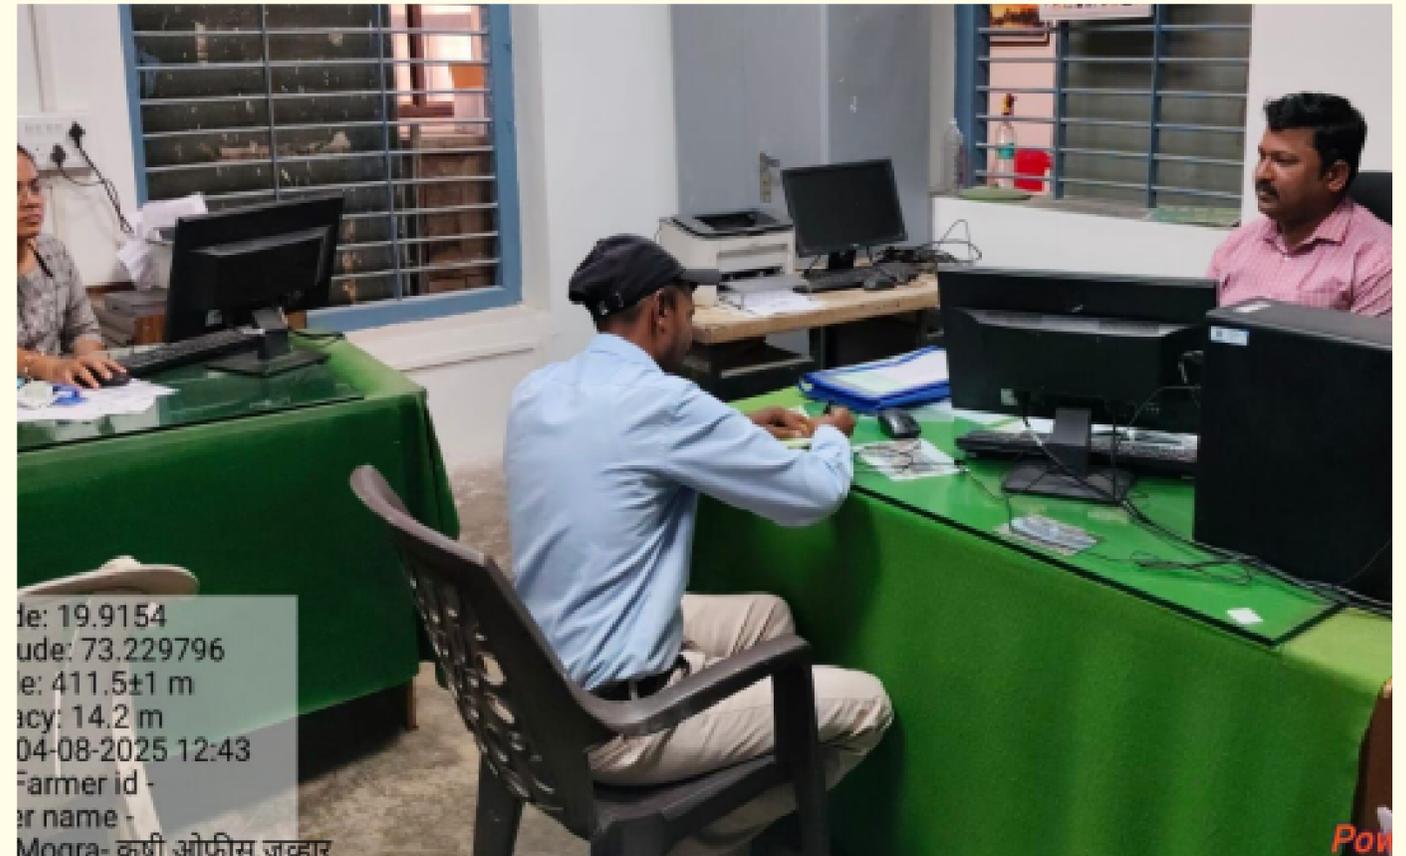

Met Mr. Amar Suryavanshi to discuss support for local sericulture farmers. It was agreed to collect on-ground data and plan a follow-up meeting for actionable support.

- **Agriculture Department:**

Mr. S.P. Jadhav highlighted increasing farmer interest in banana cultivation and assured full cooperation from the department.

- **MGNREGA:**

Positive discussions with Mr. K.V. Patil around mango and cashew plantations. He showed keen interest in aligning future plantation projects with GVT's initiatives.

ABP News podcast

In this insightful podcast, Mayank Gandhi shares his journey from political activism to grassroots transformation in rural India. Disturbed by rising farmer suicides in Marathwada, he chose to work directly with the people—focusing on sustainable agriculture as the key to real change.

The conversation also dives into his personal spiritual journey. Battling stress-related illness led him to meditation, which sparked powerful inner experiences—including energy awakening and deep self-realization. He reflects on how true change starts within, blending action with awareness.

Enhancing donor visibility through on-ground branding

To enhance donor branding and visibility, GVT has initiated the installation of digital wall prints in respective project areas, highlighting the work done along with donors' names and logos. These displays help acknowledge and showcase donor contributions at the grassroots level.

Success Story - 1

Our farmer from Beed, has transformed his life by shifting from **Soybeans to Lemon** cultivation. This has led to a significant boost in his annual profit showcasing the success of crop diversification. He now earns a profit of **₹1,56,800 per year from 0.75 acre.**
