## Vision & Mission

### **Mission**

Ensure that every farmer in India earns a minimum of Rs. 1 lakh per acre per annum.

Nationally expand our "proof of concept" model using scale, speed, and impact.

### **Vision**

Make India a global superpower again.

**Our Cumulative Target for FY  
23-24**

6.5 Crore Fruit Tree Plantations

# From my heart

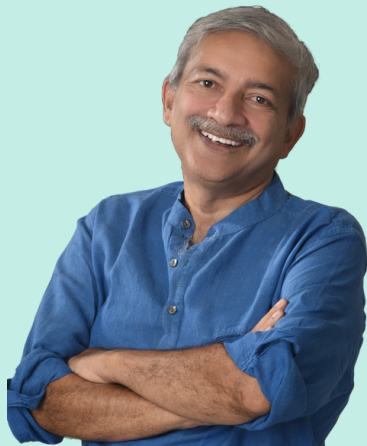

The temperature in the field is rising, and so is the concern in the mind of the farmer.

The meteorological department has been giving conflicting predictions, about whether the monsoon will be normal or the El Niño impact may bring a shortage of rain.

The farmer's life depends on the weather. In any case, this summer has been very hot and May and June may be hotter. We have tried to educate the farmers regarding water management and plant management in case of a drought, but we are all worried about the next few months. As we had informed you, last month there have been hailstorms and heavy winds in Marathwada and Madhya Pradesh which led to substantial damage and losses.

Fortunately the price of fruits the farmers were getting last year from the wholesale market has generally been better than the previous years. If we can mitigate the vagaries of nature, then it is likely that we will get a bumper production of fruits along with good prices- the hardworking farmer of this country needs to be prosperous.

INDIA CAN WAIT NO MORE!

## “Farmer Meeting”

A day trip to Dahanu was planned and 10 new farmers were introduced to the work of the Global Vikas Trust organization. The farmers were visibly pleased with the help GVT was providing them to increase their income lakh/acre.

Many farmers were growing vegetables but had already booked mogra plants and scheduled delivery for the month of June. In the coming days, they plan to visit our mogra farmers whose income has increased due to good farming practices.

Review of Farmer([Click Here](#))

# Marathwada Noteworthy Events

## One-day organic farming training

A day on organic farming was held at Tadvala in the Dharashiv district. The District Superintendent Atul Kulkarni was also there. We met with him and the other authorities (i.e. Sarpanch, Agriculture Officers and Police Patil) to brief them about the one-day organic farming workshop and the objectives and work of Global Vikas Trust.

The workshop was very useful for the progressive farmers and villagers. Afterwards, Mr Anil Kulkarni and the authorities also visited some fields where banana plants were planted under the Global Vikas Trust organization.

## CASE STUDY: 1 Marathwada

<b>Name</b>	Basawraj vishwanath bichhewar
<b>Village</b>	Nanded,Marathwada
<b>Previous crop</b>	Soybean
<b>Previous income/acre</b>	Rs.60,000/acre
<b>Current crop</b>	Banana
<b>Average rate</b>	Rs.11/kg
<b>Total income/acre</b>	Rs.1,08,790/acre*

\*The first harvest after plantation of Banana.

## CASE STUDY: 1 Palghar

<b>Name</b>	Mr. Madhu Deu Dive
<b>Village</b>	Poshera, Palghar
<b>Previous crop</b>	Nagli
<b>Previous income/acre</b>	6,000/-
<b>Current crop</b>	Mogra
<b>Average rate</b>	Rs.250/kg*
<b>Total income/acre</b>	Rs.60,000*

\*Mr. Madhu Deu Dive has earned 60,000 in 5 months with only 0.46 acre land.

## Pre Plantation Training Program

The pre-Planting training program was held at the Barwani office, where over 70 plus farmers were trained in field and bed preparation, which is essential for thriving tree plantation. The benefits of using drip & mulching are to save time and labour and increase irrigated areas. Plant care should be done in a green net or in a moist, shady place. Wetting the beds with running water for 6 hours before planting is also beneficial to the field. These training practices will help farmers to achieve better production.

# Burhanpur Noteworthy Events

## Joint Farmer's Training Program

The joint farmers training Program Global Vikas Trust and RNS together conducted a training program at Shahpur Dist.Burhanpur.

About eighty plus GVT farmers attained the program and also visited the Banana farmers orchard of a GVT farmer.

Training was conducted by the chief guest 1)Mr.Kapil Jachak, the first Keli Ratna Puraskar of Maharashtra winner, from Solapur

2)Mr Abhijeet Patil an innovative farmer who also was rewarded by many organisations for his work in Banana.

3)Pandit Kondhare Sr.Agronomist RNS.
