## VISION & MISSION

### VISION

Make India a "Sone ki chidiya" again.

### MISSION

Ensure that every farmer in India earns a minimum of Rs. 1 lakh per acre per annum.

Nationally expand our "proof of concept" model using scale, speed, and impact.

## **Embracing Jugaad in Indian Agriculture**

In the vast landscape of Indian farming, jugaad stands out as a tribute to the cleverness and flexibility of our farmers. Confronted with various challenges, our farming community utilizes jugaad solutions – inventive and budget-friendly practices that embody sustainability.

Jugaad in Indian agriculture blends creativity with practicality. It means drawing on traditional knowledge, improvising tools, and making the most of what's available. Farmers cleverly tackle challenges, using straightforward yet effective methods to improve yields and overcome obstacles.

At Krishikul, we're excited to showcase Jugaad types of equipment. Our goal is to feature these tools and equipment as living examples of this distinctive approach, fostering a deeper understanding and appreciation for the resourcefulness and innovation of our farmers.

## EMPOWERING BANANA FARMERS: TRAINING PROGRAM AT CHALATWAD VILLAGE, PALGHAR

Key topics covered during the training included:

- Fertilizer management during the first, second, third, and fourth months after banana plantation.
- Identification and management of diseases affecting banana crops within the initial two months.
- Effective water management practices.
- Nutrient management strategies.
- Measures to improve soil health and increase organic matter.

The attending farmers and Mr. Borde expressed their appreciation and requested that GVT continue organizing such valuable training programs in the future. Following the training, a meeting was held with the heads of the agriculture departments in Wada, Jawhar, and Vikramgad, where GVT's work was discussed. Information booklets and training reports were distributed to further support the agricultural community.

# KHARGONE NOTEWORTHY EVENT

## STRATEGIC MEETING AT GVT KASRAWAD OFFICE

Under the guidance of Project Manager Mr. Yogendra Mishra, an essential meeting took place at the Global Vikas Trust Kasrawad office. Various crucial points were discussed in detail during the session. Special emphasis was placed on the comprehensive explanation of Banana and Papaya training aspects, including detailed discussions on plant bookings.

Additionally, the team addressed the urgency of completing the survey data related to the damage caused to Banana crops due to recent floods. Instructions were given to collect feedback from farmers on Papaya seed varieties, and the staff was directed to gather harvesting data for efficient project management.

Notably, the meeting welcomed the presence of not only Khargone staff but also Vikas Bhayal from Barwani, making it a collaborative effort towards successful project implementation.
